

Environment and working environment policy

The environment and working environment policy applies to our company's locations, on-site at costumers domestic and abroad, as well as persons working on behalf of us.

We continuously work to create a good working environment with up-to-date physical and psychosocial foundation that minimize the risk of work-related injuries and wear out. We work openly and actively with environmental and occupational health and safety improvements from a holistic perspective, considering customers, workers, and the environment.

We work according to the thesis:

"There is always time and money to carry out the work safely"

We prioritize a good mental work environment. Any form of abusive behavior and bullying will be taken seriously and dealt with by management.

We are committed to:

- comply with legal requirements and other requirements
- to prevent work-related injury and illness, as well as to create safe and healthy workplaces and activities
- eliminate hazards and reduce occupational health and safety risks
- protect the environment and prevent environmental impacts
- minimize consumption of resources
- continuously improve the environmental and occupational health and safety management system to enhance our performance
- to consult and involve workers and health and safety representatives
